Do you want to find more father-baby bonding time?

What is infant massage?

Infant massage is a wonderful tool to learn how to read your baby's cues, soothe your baby from teething and digestive discomfort, forms better sleep patterns, boosts the immune system, and enhances a child's development. Infant massage is beneficial for babies up to 12 months.

You will receive two bottles of massage oil, handouts, resources, and activities you can do with your baby to boost their development.

Participation in all 4 sessions is highly encouraged!
