Participants must complete all components of the training series to qualify to be rostered as a CPP Clinician. A CPP Implementation level course involves 18 months of training with three virtual didactic trainings sessions and twice monthly phone consultation for 18 months. In order to reduce Zoom fatigue and improve retention of didactic training materials, ALL Virtual CPP Trainings will have a half-day format. *Please see the dates and times above.

Required reading prior to initial 5 half-day training: "Don't Hit Mommy" 2nd edition. Recommended book "Psychotherapy with Infants and Young Children" (Books can be purchased on Amazon or Zero To Three website)

- Attend Initial Virtual CPP training (5 virtual ½ day Implementation Level Training)
- Attend 6-month follow-up (4 virtual ½ day Booster ONE Skill Building Workshop)
- Attend 12-month follow-up (4 virtual ½ day Booster TWO Skill Building Workshop)
- Provide CPP to at least 4 cases with children under age 6 who have experienced traumatic events.
 - Treat at least 2 cases for a minimum of 16 sessions post the feedback session
- Attend a minimum of 23 bi-weekly consultation calls (34 Calls will be provided) during 18-month period
- Present at least two times on consultation calls and/or Skill Building Workshops
- Participate in and have access to CPP reflective supervision (group or individual) at agency
- Access to internet and a computer to log onto the virtual trainings so that participant is visible on screen

CERTIFICATES OF COMPLETION:

Certificates of completion are emailed the week following each of the individual Virtual CPP Training events to registered participants in attendance.

If you have additional questions / concerns regarding training, certification, consultation calls or require verification of attendance for DMH please contact CPP Trainer, Maricella Mendez-Sherwin, directly at mendezsherwin1@gmail.com.
