

Who We Are

His Daughters Health, LLC is a dedicated community-based healthcare provider committed to improving the well-being of underserved communities. As a CalAIM provider, we specialize in Enhanced Care Management (ECM), Community Support Services, and Community Health Worker (CHW) programs. Our mission is to bridge the gap in healthcare access by delivering comprehensive, person-centered services that empower individuals to lead healthier lives.

With established partnerships with Molina Healthcare and Inland Empire Health Plan, we work collaboratively to provide holistic, quality care that meets the unique needs of our clients.

We serve communities in Los Angeles, San Bernadino and Riverside.

Our Purpose

At His Daughters Health, our purpose is to guide individuals facing barriers to quality healthcare. We exist to provide not just medical services, but also support, advocacy, and resources that empower people to take control of their well-being. By addressing the root causes of health disparities and fostering meaningful connections, we are committed to creating a future where healthcare is accessible, equitable, and centered around the needs of the people we serve.

Vision Statement

To create a healthier future where every individual has equitable access to the care and the support they need to thrive.

Our Method For Community Support

- ✓ Enhanced Care Management (ECM)
- ✓ Community Health Workers (CHW)
- ✓ CalAIM Community Support
- ✓ Black Maternal Health Advocacy
- ✓ Housing Navigation & Stability Support
- ✓ Health Screenings (SDoH, Mental Health, Substance Use)
- ✓ Postpartum & Prenatal Care
- ✓ Trauma-Informed Peer Support

Mission Statement

To provide compassionate, high-quality healthcare services that empower individuals and strengthen communities by addressing social determinants of health through innovative, person-centered care. We are committed to addressing the whole person—mind, body, and environment, by delivering accessible, high-quality services that meet their unique needs. We strive to remove barriers to care and empower individuals to live healthier, more fulfilling lives through advocacy, support, and community partnerships
