

HELP US TO PROMOTE EARLY STANDING AND WALKING OF INFANTS

WE ARE LOOKING FOR INFANTS FROM 6-36 MONTHS TO PARTICIPATE IN A RESEARCH STUDY

Infant groups:

Infants born full-term or preterm who can take steps with two hands held but are not yet walking independently.

Location:

The University of Southern California, Health Science Campus at the Development of Infant Motor Performance Laboratory (DIMPL).

Time commitment:

Two 1½ hour visits with assessments of your infant's development and their leg movements when taking steps in a harness system.

As a thank you:

Compensation: \$40 per visit.

Please contact Nora Almoadi at (323) 949-6188 or almoadi@usc.edu for more information
